SUMMER 2018 PRE-COLLEGE PROGRAMS

EMBRY-RIDDLE AERONAUTICAL UNIVERSITY
PRESCOTT, AZ
Experience Summer on a whole new level! We offer exceptional learning experiences in the Flight, Engineering, Security and Intelligence, Gaming & Animation and Science. You will have in-depth and hands-on opportunities for exploration.

Live on our beautiful campus for one week and explore your future career possibilities in science, engineering, global security, helicopter, or aviation and flight. You will have a true pre-college experience of living on a university campus, working with our dedicated faculty, while also meeting other high school students who share the same interests as you.

What do you hope to accomplish this summer?

**Programs Available:**
- Aerospace AERO
- Aviation Discovery Flight
- Aerospace ASTRO
- CESE Arduino Engineering
- Drone Flight Exploration
- Flight Exploration Alpha - Echo
- GSIS - Spy
- Helicopter Exploration
- Next Level Flight
- Science, Ecology & Wildlife
- Storm Science & Monsoon Meteorology
- Technology in Action:
  - Game Design, Robotics & Animation

**Online Registration Opens November 1, 2017**

*Limited spaces are available in each program.*
